Ghost Towns Of Northern California

Synopsis

Domestic travel continues to be popular, with travelers everywhere looking for interesting places to visit. By combining his personal travel observations with historical background, ghost town authority Philip Varney brings this region to life in "Ghost Towns of Northern California." "Ghost Towns of Northern California" is comprehensive, introducing readers to more than 50 towns and sites--from out-of-the-way Campo Seco, New Idria, and Bennettville to popular sites such as Coloma, Columbia, and Bodie--capturing the spirit of the wild west by combining engaging, lively text with captivating current and historical photos. Besides covering the Gold Rush of 1849 and the later strikes that led to the rise of these mining camps and ghost towns, Varney also visits ghost forts, two Chinese fishing villages, and the famous "ghost prison" of Alcatraz. All of this fascinating information is accented by up-to-date travel information, including recommendations for tours and museums, maps, directions, mileage, and road conditions, making it easy for readers to ensure a safe, exciting trip. Also Recommended: "Backroads of Northern California," "Ghost Towns of Colorado." Pictorial Discovery Guides from Voyageur Press provide focused coverage of popular destinations, landmarks, and heritage sites. Pictorial Discovery Guides offer an appealing combination of expert yet down-to-earth text and memorable color photography.

Customer Reviews

A fine book with plenty of places to explore, including maps and good photography. The book had a number of sites I'd not heard of, and I'm an experienced ghost towner! Can't wait to get to 'em!

I bought this to plan a northern California trip and it had some really nice pictures, but the information was dated and while quite specific directions were given to each site I had to use other references to plan routes from one site to another. It describes the sites quite well and is useful in helping decide what you would like to see, but of little use in planning a trip.

The book is great...lots of pics, info on the ghost towns, where they are located....GREAT book...totally satisfied...came in a timely manner too.

Great publication. We spent three days romping thru the Sierra's this book made it all the more fun. You can take the same pictures as in the book if you want.

Can't wait to see them all!

it is ok

This is a great book all around. Great reading, great pictures and great history. If you find this subject interesting you need to get this book.

Everything was great
