Synopsis

NOW A TOP 100 BESTSELLER Holy F*ck! The Unrequited is the edgy, tortured love story I've been aching for! - Sierra Simone, USA Today Bestselling Author

NOTE: Please be aware that this book deals with sensitive topics like cheating. 18+ Only. Layla Robinson is not crazy. She is suffering from unrequited love. But it's time to move on. No more stalking, no more obsessive calling. What she needs is a distraction. The blue-eyed guy she keeps seeing around campus could be a great one--only he is the new poetry professor--the married poetry professor. Thomas Abrams is a stereotypical artist--rude, arrogant, and broody--but his glares and taunts don't scare Layla. She might be bad at poetry, but she is good at reading between the lines. Beneath his prickly façade, Thomas is lonely, and Layla wants to know why. Obsessively. Sometimes you do get what you want. Sometimes you end up in the storage room of a bar with your professor and you kiss him. Sometimes he kisses you back like the world is ending and he will never get to kiss you again. He kisses you until you forget the years of unrequited love; you forget all the rules, and you dare to reach for something that is not yours.

Every once in awhile a story comes along. A story that grips you by the guts, smashes your heart and soul to bits and blows your mind in such a way, you cannot even comprehend what just happened. For me, that story is *The Unrequited* by the crazy and amazingly talented Saffron A. Kent. From the moment I opened my kindle, I could NOT put this story down. I was held captive from start to finish. To be honest, I'm STILL living and breathing this story. It's THAT amazing. I fell in love with Layla INSTANTLY. This lady with her crazy personality and quirky ways made me smile so big, I just adore her. And Thomas. He's the EPITOME of an alpha. And a dirty talker. God do I love him hard. So hard. Put these two together and the sparks flew. The push and pull. The forbidden. The banter. I seriously could. Not. Get. Enough. God I wanted these two to be together so bad. I couldn't turn the pages fast enough to find out what was going to happen. This heartbreaking forbidden love story had me aching in ways I didn't even imagine were possible. God. I felt for Layla SO MUCH. But I also felt for Thomas. This double forbidden romance had me clutching my chest so many times, I was breathless. I felt every single damn emotion both of these characters experienced. Love, hate and heart break. I didn't know if I'd survive it! But my gosh, this love journey was SO worth the PAIN. It hurt so, so good. I will never forget it. Speaking of breathless.... This book was so HOT I needed some time to myself!!! The sexy scenes were unlike anything I've read. Mr. Abrams turned me into a hot puddle of LUST!!! RAWR!! He's like an animal in bed. Or on the desk. Anywhere really. And the dirty talk is out of this world HOT. I had hearts in my eyes and fire in my loins for this devastatingly beautiful man. Even when he was a dick. *moans* If you want to read a forbidden romance that will push the boundaries of your sanity, then you NEED to read *The Unrequited*. Thomas and Layla's love story's poetically written style is fresh, original and so stunning you won't believe what you are reading. It's steamy, angsty and heart achingly forbidden. *The Unrequited* isn't just a double forbidden romance. It's an experience. It's at the top of my MUST READS of the year! Go on, make dirty poetry with Thomas. Your life will never be the same.

IÃfÂçÃ â ÑÃ â,,çm not sure how to even go about writing this review. ThereÃfÂçÃ â ÑÃ â,,çs lots I want to say, and yet I donÃfÂçÃ â ÑÃ â,,çt want to say anything cause I donÃfÂçÃ â ÑÃ â,,çt want to spoil anything. Saffron Kent is a new to me author. If you keep up with my reviews you've might noticed that I haven't been taking chances with new to me authors lately. I've been super busy at work all year and don't have as much time to review and blog as before :(But this book kept popping up everywhere and I was so intrigued! You know I love a little taboo from time to time and I just couldn't resist. And let me tell you, this one did not disappoint at all. This was crazy, messy, ugly, raw and beautiful all at the same time. It's one of those books that you read with a tight chest

and experience all sorts of emotions while doing it. Pure angst. Holy hell, this is one book I won't forget easily. I read a book a few years ago that I just adored. It had a few taboo themes, including cheating. It had the craziest heroine I've ever read, yet she was so charming and I couldn't help but to fall in love with her. Not surprisingly, it was somewhat of a polarizing book, a lot of people didn't like the book. You either love it or hate it. They didn't like her, or the fact that there was cheating. Anyway, I have a feeling that this one will be one of those. For me, it's all about the characters. If you have an open mind and care about the characters first, then this one will blow you away. I won't recap the blurb. The blurb is pretty self-explanatory and gives you all the warnings. But man this book is so much more. It explores unrequited love in different ways. It also explores the concept of soulmates. It questions what you know about love. Is one person's love strong enough to hold a relationship together? A marriage? A friendship? A family? When is it better to let go? These two main characters are so lost, and so broken. One suffering from rejection and one-sided love, pure heartbreak. And the other trying to hold on to a loveless marriage and a relationship that just wasn't there anymore, or never was, full of regrets. These two souls were so broken, so trapped in guilt and regret, so hopeless. And when they found each other, they were just meant for each other, you can totally feel it the entire times. It's all about the details and the little things that were happening to them while they were not paying attention. Granted this was messy, and pretty messed up at times. Like really, really messed up, lol. They definitely go about it the wrong way, it's ugly and raw. You want to scream at both at some point or another. They will both make you mad. It's so sad at times, but it's so beautiful too. It takes time, they learn, they forgive, they forget and love truly wins. Let's talk Layla. She's all sorts of awesome. I know, she's crazy. So what? She's young and confused and has been through a lot. I felt so much for her, so bad. She's so unloved, like a puppy that everyone kicks. I also wanted to smack her a few times and wanted her to stand her ground. But she had such a great heart. I absolutely loved her, she was the heart of the book and totally stole my heart. Thomas wasn't my favorite, there I said it. I totally understood the way he felt. How his life was upside down and how helpless he was. But yet, I had a harder time connecting with him and how much of a jerk he sometimes was. But I still loved him though. His epiphany was one of the best parts of the book. I wish it would've been longer though. This book was also super hot! Really, really, hot. Naughty, dirty. Panties poof hot. I thoroughly enjoyed that as well, of course. I also loved the

writing, this was beautifully written. And the pacing, I thought everything developed at the right time, although selfishly I would've loved for the last 5-10% to be longer, definitely more. Similarly, the lack of an epilogue is the reason why I didn't give 5 stars to this one. Not only am I a huge fan of epilogues, but I also feel like this is the type of books where you are dying to know how these characters are doing in the future. Saffron, I need more please!!!! So, needless to say, I absolutely loved this one. I know some people immediately shy away from cheating books without a second thought, but you should give this one a chance, this might be your exception. If you have an open mind, this one will blow you away. Saffron Kent is now in my list of authors to watch and I can't wait to see what she brings in next. Absolutely recommend!

10000 stars!!! Saffron sucked me into her story. She dug her claws into me, into my heart, my soul, and didn't let go. Still hasn't. I forgot I was reading, and just started living in Thomas and Layla's world. These two characters are...everything. They're tortured. They're selfish. They're imperfectly perfect. And I couldn't get enough of them. The Unrequited is forbidden romance at its finest. It's the kind of story that makes your heart race, your eyes bulge out of your head, your stomach drop, your panties wet, your heart break...and you just want more. I felt everything in this book. I laughed, lusted, agonized, cried & hoped. I'm amazed at Saffron's talent! Her writing is magic. MAGIC!! It's powerful & breathtaking. It will make you want to abandon real life and just KEEP READING. Here are some of my favorite lines: "Because I'm a girl who's not supposed to be the love of someone's life, not with my selfishness. I was meant to live in the shadows and secrets. I can be Thomas's secret, for a little while, at least •until I absorb all of his pain and set him free." "I'm ravenous for Layla. I'm ravenous for the power she gives me. I want to abuse that power, unleash it, use it against her. I want to destroy her. I want to destroy her like I'm destroyed in this moment." "God...what are we doing?" "I pant into his shirt." "The wrongest thing we've ever done," he says, repeating my words. "You bring them back...my words." Bottom line: ONE CLICK NOW!
