Synopsis

A NEW ONGOING SERIES from Lumberjanes creator GRACE ELLIS and talented newcomer SHAE BEAGLE that tells a story of monsters, romance, and magical hijinks! The first arc also includes an additional short story with artist KATE LETH! Fantasy creatures are living typical, unremarkable lives alongside humans, and barista Julie strives to be the most unremarkable of all. Normal job, normal almost-girlfriend, normal...werewolf transformations that happen when she gets upset? Yikes! But all bets are off when she and her centaur best friend Chet find themselves in the middle of a magical conspiracy. Will Julie and Chet be able to save their friends? Is Julie's dogged determination to be normal a lost cause? Who's going to watch the coffee shop while our heroes are out saving the world?? These questions and more will be answered in MOONSTRUCK, coming July 19 from Image Comics.

Customer Reviews

Cute as hell, has a fat character AND the most adorable centaur I have ever seen!

I just picked this up by chance today, and it's shaping up to be one of my favorite comics ever. It's

got a fun, visually pleasing art style, the writing is excellent, the story is well-paced, and all of the characters are colorful and extremely individual and well designed! The cast is diverse in race and body type, even without taking into account the diversity of magical creatures, which is extremely refreshing. By the first page I was absolutely charmed by the story and the colorful cast, and I can't wait to see where it goes! This comic is a labor of love and skill, and both shine through in this first issue.
