I am so happy to have found this book! I am using it to teach canons to my children's choir. The breadth of genre, the inclusion of both sacred and secular, the diversity of ability levels and voices necessary, and the clear presentation of the pieces make this a valuable research tool as well as a godsend for teachers.

I bought this for ideas for middle school choir class. I can use different ditties for K - 8. It's traditional European with world music folk songs. Invaluable in the classroom.

I love this collection of music. There are a lot of easy & short canons that we learned on a recent trip and did flash mobs - just for fun.!

It's a cool book, I was just hoping for canons useful for teaching. There's a couple of those, but not as many as I would have liked.

Great Collection on a more advanced level

Perfect!

Great to use with the CD.

One or two usable songs... not what I had hoped for
