Saint-Jean-Pied-de-Port Photo Book, French Basque (90 Photos) : Europe Series 9

Synopsis

Saint-Jean-Pied-de-Port is a small town which is popular for tourists in the mountainous areas of the Basque Country. It has been a post station as the base of the French side, where the pilgrims of Santiago de Compostela stop since old days. The pilgrims enter Spain here across Pyrenees and go to Santiago de Compostela in approximately 780km away. There are many inns raising a signboard to offer accommodations for the pilgrims who carry a scallop shell which is a symbol of St. Jacob. There are many tourist attractions in Saint-Jean-Pied-de-Port, including the historic buildings and the Basque Country distinctive houses around Nive river flowing through the town and the beautiful views from the castle on the hill in the town surrounded by the walls. This photo book contains 90 photos of "Saint-Jean-Pied-de-Port", the mountainous area which is different from the seaside resorts of the Basque Country. Camera: Nikon COOLPIX P340

Customer Reviews

I will be traveling to Basque country this fall, spending a few days in Ste. Jean Pied de Port. This will be a valuable tool for exploring the town.
