The MacLomain Series- Viking Ancestors (Books 1, 2 And 3)

Synopsis

Modern-day women. Fierce, Viking warriors. Unimaginable connections through time. Sail the high seas and weather ninth-century Scandinavia in a best-selling romance series unlike any other. Endless adventures. Unexpected twists. Mind-blowing passion. Find it all in The MacLomain Series: Viking Ancestors.

VIKING KING- Determined to take a break from her past, Megan cozies down in her million dollar Winter Harbor Maine home and focuses less on money and more on dreams. With a love for Viking shipwright skills, she constructs a small scale longship. What she doesn't anticipate is an unexpected call from the past. Of dragon blood, Viking King, NaÃfÂ r VÃfÂ©urr Sigdir 'the bold' knew that the bargain he struck with the seers would likely lead to an unpredictable outcome. What he didn't foresee is a headstrong woman from the future washing up on his shores. **VIKING CLAIM-** Veronica tries to cope with losing her sister but is drawn to everything that seemingly took Megan away. A magical stone. Rune staves. A Viking king. The far distant past. It all seems too impossible to believe. Until she slides down a snow swept hill near Maine's, Raven's Nest cliffs straight into a reality she never could have imagined. Of dragon blood and brother to the king, Raknar Sigdir 'the hunter' is determined to welcome any woman from the future if it means he can conquer anew for his people. However, Veronica, the irresistible woman thrust back in time, soon has his mind less on loot and more on all the things he forgot about himself. A pact with the seers hangs in the balance when a ninth century Viking gives in to his heart to protect a modern day woman from a sworn, powerful enemy...his former wife. **VIKING HEART-** Amber is heartbroken. Supposedly because of a pact made between three ninth century Viking brothers and Mt. GaldhÃfÂ_piggen's seers, her sisters have vanished into the distant past. Struggling with grief, she leans on her part-time fling Sean until even he is torn away. Or so it seems. Of dragon blood and brother to the King, Kol Sigdir 'the lucky' has been determined to avoid his fate since the moment he promised himself, sight unseen, to a woman from the future. He adores all women and it's no easy thing knowing he has to eventually pledge his heart to just one...until he meets Amber. As they grow closer, they face multiple threats. King Alrek declares war and he has an ally nobody could have anticipated. Hearts struggle, rip apart and then are rebuilt when the laws of time are tossed aside. Look for The MacLomain Series: Viking Ancestors' Kin summer of 2016.

Customer Reviews

A lover of time travel, Vikings, magic and heady romance, I bit on a daily deal for the set of 3 from Book Bub for free. And I was not disappointed. I give it 4.5 stars because I think the Vikings seem a little "modern" in their speech patterns but then again, these people all seem to be accustomed to time travelers in their midsts. And translation is made handy by possession of the stones. If you are not familiar with ancient Norse culture pay a visit to the History Channel's spectacular series Vikings, going on its 5th season, and get a picture in your mind. I felt the author stayed true to history. Immediately upon completion I went directly to purchase The MacLomain Series-Early Years and The MacLomain series, 3 books and 4 books respectively. Should keep me busy for a week or so. I thank all the authors out there who offer an entire series such as this for free or 99 cents, that new readers such as myself can discover their work. It pays off big time I think. I can list several of my favorite series and authors who I discovered by reading a free or 99 cent one day offering. Authors I'd have never discovered otherwise-Hugh Howie, Grace Draven, Danelle Harmon, A.G. Redding for a few off the top of my head. There are many more.

I fell in love with this series. So much that I will be reading her other MacLomain series very soon! I was pulled in from the start. I was pleasantly surprised with how engrossed I became with each passing page. How much I felt for all the characters as the stories progressed. Not just the main characters. I hope she will pick up the stories of supporting characters in the future. There was the

occasional blip where the author meant one name then had typed a different name. Nothing big enough to distract from the reading.

But one that I plan to read more of her books. The character come alive and the series was very hard to put down once I started. Generally just read the free books found on Book Bub, but have already purchased the first book in the next series. Highly recommend for anyone that likes Vikings, dragons and love via time travel.

I have read every one of the MacLomain books. When I first saw it i thought "no way, time travel is too far out there for me" I took a chance on book one and was hooked! Add in some Vikings and it just got better! I absolutely love Sky's writing and this is an incredible set of books.

I binged read these books over the weekend and absolutely loved them. Could not believe they were free! They obviously kept my interest and couldn't stop reading them. I've never read the author before and will definitely check out her other books.

Easy and painless to read. Historical fiction can be agonizing with the inaccuracies and projection of 21 century thinking. This series did have inaccuracies but I couldn't have cared less. They were well-written, had great continuity, were exciting, well developed characters for the most part, and just fun. Bedroom scenes were intense, detailed, and frequent but didn't ruin the story.

An amazing story. Definitely worth all five stars. All the characters were interesting and had a story of their own that blended beautifully with the book.

I loved this set! I'm all in for Viking stories, but add that to time travel and I'm hooked. While not all books deliver on this promise, Sky's books did. I'm not giving spoilers here but just know that each book is separate yet intertwined with the previous ones. The characters and situations are unique so that you don't get the feeling that it's just being retold with different characters. I loved it!
