Foundations Of Physical Education, Exercise Science, And Sport

Synopsis

The eighteenth edition of Foundations of Physical Education, Exercise Science, and Sport emphasizes the role of culturally competent professionals in meeting the needs of our increasingly diverse population and in promoting lifespan participation in physical activity for all people. Up-to-date statistics and information are provided on health and physical activity levels, career preparation and professional paths within physical education, exercise science, and sport. This edition retains its strong coverage of the foundations of motor behavior, biomechanics, exercise physiology, sport and exercise psychology, the sociology of sport, and physical education pedagogy. The text also emphasizes preparation for a diversity of careers in a variety of settings, addressing areas that include teaching, coaching, exercise leadership, athletic and personal training, sport management, and sport media. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found [here](http://www.mheducation.com/highered/platforms/connect/training-support-students.html):

Customer Reviews

Deborah A. Wuest is a professor in the Department of Health Promotion and Physical Education at Ithaca College, New York. She received her B.S. degree in physical education from SUNY Cortland, her M.S. degree in physical education from Indiana University, and her Ed.D. in Human Movement from Boston University. Deborah has over 40 years of teaching experience, and has twice received Ithaca College's Charles C. Dana Award for Teaching Excellence. Deborah teaches courses in the foundations of physical education, foundations of health sciences, stress management, coaching and computer applications in health and physical education. She has co-authored textbooks on foundations of physical education, exercise science, and sport; secondary methods in physical education, and humanism in coaching. Deborah is the Managing Editor of the Apps section on PECentral. Jennifer Fisette is an assistant professor of Physical Education Teacher Education in the School of Teaching, Learning, and Curriculum Studies at Kent State University. Before taking this position in 2008, she taught physical education and health in Rhode Island. She obtained her B.S. in physical education from Rhode Island College, M.S. in sport pedagogy from Ithaca College, and Ed.D. in Physical Education Teacher Education from the University of Massachusetts-Amherst. Her teaching responsibilities include: Secondary Physical Education Content, Inquiry into Professional Practice, Development and Analysis of Game Performance, Introduction to Physical Education, Fitness, and Sport, Analysis of Motor Skills, Curriculum Development and Forms of Inquiry, a doctoral course. Her scholarship explores the critical examination of girls' lived experiences and embodied identities within physical education and physical activity through student voice; assessment and curriculum development.

I rented the book to review so I could get a second PE teacher certification. I took the certification test and passed. There were some specific questions I got right because I read the book.

Great book and fast shipping

It's an easy read.

Like being able to rent this text book.

Good

In good condition.

This book is very helpful with my classes.

Cant wait to use it. I'm glad I made this purchase. Absolutely perfect! more than satisfied with this product Positively enchanting. Very highly recommended! very happy customer
