# The Book Of Forbidden Knowledge: Black Magic, Superstition, Charms, And Divination

## Synopsis

This work is one of a number of manuscripts crafted towards the end of the 1800s well into the 1920s containing material related to all aspects of the occult; mesmerism, ceremonial magic, the black arts, talismans, and more. What is interesting, here, is that all of the above and more are contained in one work, instead of separately. Speaking of everything from fortune telling to folk healing, the Book of Forbidden Knowledge is perhaps better classed as a modern grimoire than most contemporary works of similar origin; the paper covers of any of a number of competing Victorian and Edwardian era titles.

## Book Information

## Customer Reviews

Its alright, not quite what I thought it would be...So far, (haven't finished it) it looks like a bunch of correspondents

AWESOME

Oh now this book is just silly. I'll admit that my expectations could have been well off center, as I

expected something more like Occult literature. Looks that way, right? Foreboding title, mysterious symbol on the cover.. It's just goofy olde timey magazine folks spells for gullibles with OCD. I hope that description narrowed it down for a few of you. If you're looking for something occult, to be frank, Illewelyn is a step up from this. If you're looking for olde timey folk spells, there are also way better and more current books on that, too. It was in fine shape, and didn't cost a bundle, so that's fine. I suppose it wasn't exactly misleading in it's description, since I was already searching in a context of occult, and this got mixed in. Sure is a tiny and goofy book, though. Want to get it read through so I can dispose of it before any credible person finds it and thinks less of me for it's content.

Very interesting lots of things to think about. Opens eyes to other things. Really enjoyed the part about Oracles. A good value.

Still studying this very deep

has a lot of knowledge to learn off of

Very interesting book I will keep it as a reference good read very glad to add it to my collection

as described, fast service, Highly recommend!
