The War Planners Series: Books 1-3: The War Planners, The War Stage, And Pawns Of The Pacific

Synopsis

*****USA TODAYÃ  AND Ã  BESTSELLER*****A nation on the brink of war.A conspiracy that threatens the globe.And one military family, caught in the middle, fighting for freedom.From a secretive jungle-covered island in the Pacific, to the sands of the Middle East. From the smog-filled alleyways of China, to the passageways of a US Navy destroyer. The War Planners series follows different members of the military and intelligence community as they uncover a Chinese plot to attack America.Chinese billionaire Cheng Jinshan and his wicked spy, Lena Chou, are moving their pieces on the board. Deception and misinformation are everywhere.Now, in order to save America, the leaders in the CIA and Pentagon have set up a secretive task force. Their mission: to thwart Jinshan's plans, and prevent a global war.Each member of the Manning family has a critical role to play. Technologist David Manning is taken from his family's home and thrown onto a special CIA task force. Ex-SEAL Chase Manning is sent to team up with a Marine Corps special operations unit. Admiral Charles Manning leads a US Carrier Strike Group, filled with America's latest and greatest naval technology. And Lieutenant Commander Victoria Manning is the officer in charge of a helicopter detachment on the navy destroyer, the USS Farragut - the only ship that stands in the way of a Chinese onslaught.Praise for Andrew Watts and The War Planners series:"Having read a number of the writers whose focus is on military and special-ops adventure, this author manages to capture a bit of everything seen in the genre by crafting an interesting and artful blend of the tactical and technical - interwoven with a compelling aura of suspense... all wrapped into one package." - 5-Star Review"I now add Andrew Watts to my favorite authors list: Vince Flynn (r.i.p.), Brad Thor, and David Baldacci, as well as Robin Cook, James Patterson, and Michael Crichton (also r.i.p.). Highly recommended!" - 5-Star Review"The writing is top-notch, the characters are amazingly developed, and the story moves so fast that you just can't put them down. I just finished the 3rd book in the series, and I honestly don't remember a storyline that has so completely captured me in this genre before. Very well-done, full of great detail for the technical sticklers, but not overly technical so those that just want to enjoy the story can... A most excellent read!" - 5-Star Review*****Three-book series bundled together in one thrilling read!*****Book 1: The War PlannersA CIA technologist joins an elite team on a secretive tropical island. Their mission: Prevent a Chinese attack on America. But everything is not as it seems.Book 2: The War StageA US Navy destroyer sinks an Iranian patrol craft during a controversial exchange in the Persian Gulf. With tensions soaring between the two nations, an Iranian politician secretly contacts the CIA with a chilling revelation involving the Chinese.Chase Manning is a rugged ex-SEAL working for the CIA's Special Operations Group in the Middle

East. Now, he is tasked with uncovering the truth behind the Iranian claims before it is too late. But in the midst of battling deadly assassins and uncovering the layers of intrigue, Chase discovers that his own brother, David Manning, is right at the heart of the conspiracy.

Customer Reviews

I enjoyed the books, but I was distracted by some occasionally awkward sentences. The proofreading was not as good as I expected it to be. There may also have been a plot discrepancy between Book 1 and Book 3, but I did not go back to check.

When the action got going, I really liked these books. But I would suggest shortening the chapters. Makes it difficult to stop and start. Book 3 chapter 2 seemed to go on forever. And it was boring.

Overall a good story with well developed character and creative plot. There are a couple of areas that seemed to be overdone maybe fillers. I will read his next book.

As I read it I found that I had read it a year ago. Just as good today as a year ago. The kind of book that keeps you on the edge of your seat. bill hinkle

Extremely well written, waiting anxiously for more. Kept me enthralled clear to the end.

Continuous action packed reading. Andrew Watts sets a realistic scenario that could happen in the future if diplomacy fails!

Good series with unexpected twists and turns.

As a huge fan of Tom Clancy, this was close. Had you two connected for an adventure for Jack Ryan, it would have been fantastic! Great action, solid facts, and a very creative cast of characters. Waiting for the next one!
