The Book Of The Ancient Romans

Synopsis

The Book of the Ancient Romans is an introduction to the history and civilization of Rome from the traditional date of the founding of the city to its fall in AD 476. Dorothy Mills had an uncanny and unique ability to write history that is interesting and at the same time based on sound scholarship. Her direct, engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for homeschooling or home study, as well as by many private school educators. Angelico Press has undertaken to reprint the highly-prized six volumes of her historical works as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students. In a world where the quality of education has so deteriorated, may the reissue of this wonderful historical series shine as a beacon to a new generation of young (and not so young) scholars!

Book Information

Paperback: 498 pages

Publisher: Angelico Press (December 18, 2007)

Language: English

ISBN-10: 1597313548

ISBN-13: 978-1597313544

Customer Reviews

Dorothy Mills turns Roman history into a tale of legend and academia that stretches far into the prehistory of the longest lasting and greatest civilization the world has ever known. Far from being "stuffy" and sometimes dull as history books often tend to be, "The Book of the Ancient Romans" reads somewhat like a novel, its characters and their adventures come to life and the glory that was Rome is described more lucidly and poetically than any other history book that I've ever read on this ancient people. The tales of the first seven Kings- a blend of legend and, undoubtedly, history- was my favorite part of the book. It left me yearning for a misty, mystical time when great societies were built on blood, honor and brotherhood. For those of us lucky enough to be the heirs of this

spectacular culture (Italian-Americans) "The Book of the Ancient Romans will resonate as a source of wonder, longing and most of all Pride in a heritage that the entire world emulated, but is generically and stoically portrayed on television and sadly forgotten by modern, irreverent Italians who today occupy the land of Glory that was once Rome. Had I access to a time machine and the heart of a lion, I know where I'd go. AVE ROMA IMMORTALIS! HAIL IMMORTAL ROME!

Not what I thought and will not be using it

In a delightfully organized and thorough book, D. Mills presents the reader with the life of the ancient Romans. While not so much a history book as a study of the Roman civilization, it provides the reader with hours of enjoyable time learning about the Roman culture and the legends behind the greatest civilization in the world.

Excellent
