## Escape (Blackstone Series Book 2)

## Synopsis

One decision will haunt Blackstone soldier Keith for a lifetime—Keith left behind the feisty love of his life, Lexi Klein, ten years ago when he chose to become a soldier and leave for Iraq, but after a tragedy struck Lexi's family and Keith couldn't come home, she felt abandoned. When Keith finally managed to make it back to Boston, Lexi had completely withdrawn from everyone, including him. She decides to end their relationship and move on. Lexi has always owned Keith's heart. He just didn't know how much—Keith returns to Boston years later for a wedding and finds out Lexi is dating the leader of the infamous Almas Perdidas Gang. Lexi is in over her head, and Keith will stop at nothing to keep her safe. Having never recovered from her broken heart, Lexi wants no part of his grand savior routine. She made her choice, and she has her own reasons to stick to her guns about it. Keith fights to regain Lexi's trust, but old wounds are slow to heal—After Lexi is beaten for not following gang rules, Keith decides to take her on a trip to convince her once and for all to let him back in. But Lexi is holding on to one last secret, and it will change everything. Happiness comes at a price, and once the front Lexi put up comes crashing down, that price will be paid in blood. Keith must make a decision. Does his loyalty lie with the military? Or with the woman he loves? Or has too much time and history been lost for them to make one final—Escape.

## Customer Reviews

Wow! I have been waiting for Keith's story forever it seems. I was not disappointed. This book was a little darker than the others but let me tell you, it was worth the wait. Keith was always my favorite character after Cole but it's pretty close now. You don't want to miss this story. Trust me. Escape had a little bit of everything in it from danger to romance. You will be on the edge of your seat like I was wondering where this is going. And the ending - well you just have to read it for yourself!! Jodi has done it again! Loved this one!

Love this series i hope you write about the other guys :) Keith story i really was looking forward to, there was a reason why he and Savannah became such good friends i knew his story was an epic one. And it was much more. Can't wait for moree!!

I burned through this book in less than 3 hours, I just couldn't put it down. As with all of the other Blackstone books it pulls at your heartstrings. You are crying along with the characters and laughing with them too (Mark). I like the background that she gave for this book and that she really showed the foundation of this relationship and what happened with it. If you've never read one of her books make sure you start with Cole's story, it's every bit as amazing as this one. I can't wait to see who's story she is writing next, all I know is that as soon as it's available for pre-order I will.

I have read all of J.L. Drake's books and this is another great read. I was so excited to read Keith's story and she didn't let me down. I don't want to spoil the book but I will say that I laughed and cried and now i can't wait for the next book in the series.

The Broken series is one of my favorites ever and I loved Honor as well. I couldn't wait for Keith's story. While I still love Keith and enjoyed the book, I have to honestly say that I did not really like Lexi's character and I think Keith deserved better. Still, I hope there will be more books in the Blackstone series. I'd really like for Savannah and Cole to be at the center again - but not breaking them up or anything. Just another action-packed book like the series is known for.

I really enjoyed hearing the story of Keith since he was one of the more quiet characters throughout the series. It was a very well-written book with plenty of things I wasn't expecting. Great read!

Great stand alone. But if i were a new reader i would be sure that i had read the broken series and Honor. You NEED the backstory. This one follows Keith and i loved that i got an inside view of who he is. Great book. Keeps you on your toes. I LOVED IT. I would recommend this book to anyone who loves a little romance, danger, and happy endings. It really was a fantastic and easy read.

I love Escape! Very captivating and A great addition to The Blackstone series! Can't wait to see where J.L. Drake takes us next! This book shows how passionate Keith is. It's very intense at times. It was an easy read for me, as I couldn't put it down!!
