## Synopsis

Elena Chestnut has been chatting with an anonymous boy late into the night. It's a very You've Got Mail situation, and she has no idea who he is. He can't be Oliver Prince, hot-and-bashful son of the family running the rival sporting goods store. Their fancy sales strategies are driving Elena's family out of business. Elena's mystery boy has teamed up with her in their latest sales strategy, an augmented reality game, to help her win the grand-prize plane tickets. Money's so tight Elena's going to miss senior year spring break with her friends if she can't win this game. The girl Oliver's fallen head-over-heels for online had better not be Elena Chestnut. She's his angry, vindictive Latin tutor, the daughter of his dad's business rival, and the one girl he'd never even think of kissing. She's definitely not his online crush, because that girl is funny, sweet, and perfect. When Oliver asks to reveal their names at the Valentine's Day dance, their IRL relationship will either ruin what they have online, or they'll discover just how thin the line between love and hate really is. Disclaimer: This Entangled Teen Crush book contains swearing, snowball fights, and sexual tension that could melt the North Pole. Read at your own risk.

## Customer Reviews

Any Boy But You by Julie Hammerle.....What a sweet heartfelt story that keeps you flipping pages. The characters are very likeable and relatable, Elena and Oliver were fun to see their stories unfold. I am enjoying Julie Hammerle she definitely know how to tell a story. I voluntarily reviewed an advance reader copy of this book from publisher via NetGalley.

I really liked this book because it was a unique spin on a classic tale. Two teens from feuding families meet through the message board of a game app and start messaging each other without knowing they are messaging their sworn enemy (that's a bit dramatic but you get the idea). They become friendly, open up to each other and start to have deeper feelings only to find out who the other is. It sounds simple but this book has layers. It completely sucked me in. I definitely recommend it.

I don't know when I have enjoyed Character Dialogue more...Oh Yeah it was when I read the Sound of Us! Please Keep writing Ms. Hammerle, I am hoping to see some sequals to these book because I have fallen in love with your Characters!! Such fun reads with good endings! I would like to meet you someday...must look for a book signing!

A cute story perfect for a cozy night at home. This story free me in from the very beginning and has a great lesson woven througuhout about judging other before you know them. A great read!

This is a modern version of You Got Mail for teens. It's a cute, lighthearted, easy read. The story was paced perfectly, there were no boring bits, the main characters were all enjoyable and the story will leave you smiling.

The only thing wrong with this book is that it wasn't longer. A clever twist on classic tropes with engaging, flawed characters and small town fun.I will definitely be reading, now.

Any Boy But You is a sweet high school romance with nice touches of rivalry and fun. It addresses issues facing teenagers and adds enough uncomfortable social interactions to make it nostalgic. The budding romance between rivals made me squeal a few times, and was nicely satisfying. A

great winter read!

Adore Julie Hammerle's sense of humor. This book is funny and clever and sweet. It's a perfect winter / Valentine's Day sweet romance for anyone who loves You've Got Mail inspired enemies-to-lovers romance stories. The Pokemon Go-esque game gives it a fresh, new twist.
