My grandson loves angler fish and absolutely loved this book. We have read it together several times and both learned a lot of things we did not know about them and a few other types of fish that live in the very deep part of the ocean. Great book, wonderful photos and a big hit in our house! Highly recommend this for any child interested in sea creatures.

Great book my grandson loves it. Lots of great pictures very high quality exactly as expected. Hope this is enough words. Thank you
