Customer Reviews

Of all the KJV Kindle Bibles out there this one must be one of the best. Its major advantage is that a range of links appear at the beginning of each chapter rather than just each book each chapter gives: OT, PS, NT, CH, BK, 10, 20, etc. CH is previous chapter, BK is back where you came from , 10 and 20 etc gives forward 10 verses, it also includes an option to directly type in book abreveation I have not seen any other Bible or program as easy to use as this one. for study and looking up multiple verses it cannot be beat. many thanks for the creators of this one.

I love how easy it is to get to a particular book, chapter, and verse with this ebook! Even better, from a verse you can quickly get back to the Table of Contents to go to another verse in a different Bible book, or go to another chapter in the book without going to the Table of Contents. I have purchased

three other KJV eBibles in the past, but now this one is the only one I will use. I am very happy with its ease of use.

I like the Bible and figured this would be easier to keep at hand when I want to look something up or get renewed. I bought this version since it offered the search feature. The search feature is very poor. It is VERY bad about helping you find the versus you are looking for and does not do much as far as giving comfort or inspiration like a hard copy. The price was cheap but they really need to put some more time into developing this.

I have no quarrel with the content. Navigating is more difficult than I thought-- especially backing up a page or more. When I try to go back a page, it might go forward, provide a definition, or highlight an entire verse. However, I do like the fact that I can get definitions.

The best I have found and you can't beat the price. You can leave notes as well as bookmarks give it a try.

I'm sure it's my own ignorance, but assumed The KJV of the Holy Bible would contain the New Testament.

It's easy to read, but does take a bit getting used to. It is convenient to just take the lightweight Kindle on the go instead of a large print Bible. Very quick to switch between different passages in the Bible when one gets the hang of it.

Very easy to get around, noticed some word changes and names changed or different like Jeremiah is Jeremy. I look at other versions and compare while reading, but it's still the Word but Jeremy was odd and some other things. Need to get use to it but handy.
