Customer Reviews

I can't give this planner enough praise. This is my second year using this style of planner from Peter Pauper Press and I love it. It has a monthly calendar and daily/weekly layout pages too. There are multiple slots for keeping track of several people's schedules that I find the most useful. I'm able to keep mine and the children's schedules all in one place along with all of our church activities and medical appointments. There is a place in the back for addresses and some to do list sheets. I carry my planner with me almost every day and it holds up beautifully. I purchased a total of four of these last year and gave three of them away to my friends and they all love them too. There is also a

storage pocket at the back of the book and a place to hold credit or business cards. I use mine for family photos. I love the elastic closure. It helps to keep any loose pages I place in the book from falling out and holds it securely closed. I've personalized mine with Washi tape.

My wife LOVES these planners! This is her favorite planner of all time and the only one she gets now. It's a monthly and weekly planner with tear out to-do pages in the back, card holders, and a folder in the back to hold notes, receipts, etc. The only complaint she has is that she wishes that Peter Pauper Press would offer it in more styles.

Love it!!!

Not super excited about it. It arrived with a dirty cover with many bends. Also, it is hard to turn the pages.
