# Leviathan's Ruse, Vol. 1: The Comprehensive Guide To The Battle Between Good And Evil

## Synopsis

The Bible speaks several times about a powerful and terrifying sea serpent named Leviathan. An ancient dragon with no rival, it is used as a symbol of the first and greatest heavenly being. Although this being started life as a magnificent angel, he rebelled against God and became Satan, the adversary of mankind. Leviathan is the mascot of this fallen angel and his kingdom, and it is the image of the terrible beast-empire seen by the prophet Daniel. In Leviathan's Ruse, Alexander Lawrence exposes the tactics of the Dragon while tackling popular misconceptions and unbiblical views that have infected the church. He illuminates six major components to the great deception that Satan has leveled against us since the Garden of Eden, and explains how these relate to biblical end-time prophecies. Is it possible | That our most fundamental assumptions about the identity of the Antichrist are wrong? That believers have been conditioned to expect a Rapture but will instead witness an evil resurrection? That Satan's agenda is being enacted by occult societies and those unwittingly controlled by them? Leviathan's Ruse is a compendium of groundbreaking insights into these and many other topics. Embark now on a quest to unravel history's greatest conspiracy and see the world as you've never seen it before.

This is the first book that I have read cover to cover avidly in a long time and I can hardly wait for Volume 2. The author confirmed a lot of things that I was already aware of and connected dots that

made perfect sense. The style is easy to read. This is information that needs to be known.

Excellent! Excellent! Excellent!

I watched a video and then ordered the book because of many agreed upon doctrines. It amazes me people still buy into the pretrib rapture. If people would only read their Bible and stop getting second hand sermons the case of the true POST-trib rapture IS OPEN AND SHUT. Among other reasons, this book is very accurate. I disagree with page 352 where he believes Satan (and host) fell before complete creation. This is easily refuted by Gen 1:31-2:1 where everything was "very good" in God's eyes. Rebellion of the host of heaven isn't good. Same page has an error about Gen 37:9, which is eleven stars, not 12. But alas, only the Lord is perfect, and a book packed with this much accurate doctrine is well worth it. His speculations are generally noted as such, and mostly agreed upon. God bless Lawrence and his work for Christ.

i loved it i recommend this book for anybody that wants a serious look into a subject that was for many yrs was misinformed..also i found the same things in my 30 yrs of study in this and other biblical studies...so i couldnt agree more with alexandars findings ...cant wait for the next book..ok so i especially like the chapter on the 666 thaaaang... and the presidential inauguration and the spirit of osiris empowerment ceremony thaaaaang...makes sense why they all act the way they do when they take office..hmmm just thinking out loud...

This book is very well written and we would recommend it. I got it for my husband as he enjoys reading books like this and he likes it.

One of the very best books on how all the different religions got started I have read. Lots of reference material for those who are scholarly minded. And Alex reveals the name of the AntiChrist. Can hardly wait for the second part of this series.

If you're looking to find answers to the end times and see how it all fits together scripturally, this is the book! I believe it to be God-inspired.

If you're interested in eschatology, this is an excellent read. From my point of view, the Bible makes a lot more sense now.

Awesome Read very informative and can't wait to get Part 2, a must BUY AND READ
