DIY Jewelry Making: Make Beautiful, Simple, Memorable Jewelry Right From Home

Synopsis

Learn How To Make Beautiful, Simple, Memorable Jewelry Right From Home Jewelry is something that many people desire to have, but it can be expensive. When you make your own jewelry you are in control of the designs, the price, and even when you get it. Do-it-yourself jewelry making is becoming extremely popular, and it isn't as hard as many people make it out to be. With the proper tools you can start making your own jewelry any day. There are just a few things that you need to know, such as basic designs and what to keep on hand. Jewelry making can be extremely simple or extremely complex, and this book takes you through a few of the simpler designs and even introduces you to the idea of making your own rings.

7 Reasons to Buy This Book: This book teaches you what DIY jewelry making entails. In this book you will learn how to make your own chokers and necklaces. This book will teach you how to wire wrap different stones for various jewelry pieces. This book will teach you how to make your own bracelets with various materials such as leather, ribbon, beads, and jewelry thread. This book will teach you how to make jewelry kits for your children to make. In this book you will learn some of the more common reasons that people decide to make their own jewelry. In this book you will learn what materials you will need to start making your own jewelry.

Best Sellers Rank: #60 in [Books > Audible Audiobooks > Nonfiction > Lifestyle & Home > Crafts & Hobbies](#) #802 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Jewelry & Beadwork > Jewelry](#)

Customer Reviews

Very helpful and answered questions I had been searching for. Thanks.

This one is interesting because it teaches a step by step on making a jewelry. The best part of this book is, pictures. You cannot go wrong if there are sample pictures of the finished products and it was very helpful.

This book has great ideas to get you going on making your own jewelry. I appreciated the pictures and easy explanations and tried two of the projects out with my daughter today. We had so much fun! If you've ever wanted to try making your own jewelry, this book is a great resource to have!

Good book for basic jewelry making. However, for someone wanting to learn more complex things, this book does not cover it.

I found this book very helping and informative. I would like to find more pictures, and information about clamps at a new edition later.

This book is more of a list of supplies and descriptions of the sort of work you will need to do to make your own jewelry. Unfortunately, not what I was looking for. Still a bit useful, but if you're looking for instructions or diagrams, or even photos, you'll have to look elsewhere.

I don't like it so much. I think that the book have tutorials but is not.

Can't say this book was of any benefit. It's basically a supply list and a list of different things you can make (bracelets, necklace, rings, earrings, etc. No techniques are taught.
