Learn French Faster: Master A Foreign Language: Self-Hypnosis & Meditation

Synopsis

Would you like to be fluent in French but are having trouble learning a new foreign language? Do you wish there was a way you could learn the French language faster and easier? Your mind is a powerful tool, and now you can learn French quickly and make learning a foreign language easier with this hypnosis program from Erick Brown. Learn French Faster Hypnosis will help you to relax your mind and open pathways to the language center of your brain, as well as increase your focus and help you to remember details easier. Powerful suggestions for deep relaxation and positive change will be received by your subconscious, increasing your relaxation, promoting positive affirmations for learning, and opening your mind to receive new information and increase concentration. Learn French Faster Hypnosis includes an instructional track and three hypnosis tracks for you to choose from: One containing a beach induction that will lull you into a deep state of relaxation with the soothing sounds of waves hitting the shore, allowing you to let go of any mental inhibitions and be completely open to positive change. One containing a staircase induction that will walk you down a mental stairway into a deeply relaxed state that ends with you in a peaceful, safe place where you can feel comfortable enough to completely open up to these hypnotic suggestions. And one containing a speed induction that will quickly take you into a deeply relaxed state. Use this track if you are already familiar with the relaxation process and would like to quickly move into deep relaxation. In addition to the hypnosis tracks, we have included a bonus track. This soothing bonus track can be used with your hypnosis program or on its own for a deep, restful sleep. Binaural beats and solfeggio tones relax your brainwaves and body, melting away tension and stress. Also included on this audiobook are five subliminal chapters. These subliminal chapters are designed to be listened to at anytime, day or night. Do not listen to them while operating a moving vehicle. They include "Today Is the Day Meditations and Affirmations", "Super Speed Learning", "Brain Banding", "LaserFocus", and "Create the Powerful You". Learning a foreign language can be difficult, but let hypnosis make it an easier and faster process for you. Start learning French today!
