## Synopsis

From Colleen Houck, New York Times bestselling author of The Tigerâ™s Curse, comes the third and final book in the Reawakened series in which Lily will train to defeat evil once and for all and find a way to her everlasting love. After surviving her otherworldly adventure, Lily wakes up on her nanaâ™s farm having forgotten everything. Her sun prince, her travels to Egypt, and her journey to the Afterlife are all distant memories. But Lily is not the girl she once was. Her body is now part human, part lion, and part fairy. And if that isnâ™t bad enough, she must harness this power of three and become Wasret: a goddess destined to defeat the evil god Seth once and for all. So I finished it... a lot happened in this book and there were so many different emotions that I went through especially in the end. But it ended how I figured it would end. There were a few surprises in there that I didn't see coming so that is definitely a plus when you get the shut the front door effect. Sad to see the story end. I would have liked to get a glimpse into the future to see how things would have played out a bit.... but that's ok.

Let the sobbing begin! Oh the end of this series killed me. It was so great! I will miss these characters so much! I loved these books! This series was very different from any other I've read, but it was so good! I truly came to love the characters and wish it never had to end!

You knew what was coming, and got what you expected. All in all a fun read, not the best of the series.

For me it dragged a little bit and the ending came quick and fast. However, all together I thought it was a wonderful series and taught many lessons. I am sad that another adventure that the author has given us is over. Colleen has touched my life with her words and her characters, thank you.

I enjoyed the series very much. I am glad to read a series with a happy ending! I am sure I will read it again!

This book was amazing. Colleen will forever be my favorite author.

I received this ARC in a fair trade with a fellow blogger. This review is completely voluntary and honest. I was not compensated for this review. *Reunited* is the final book in Colleen Houck's Reawakened series! With every book I read by Colleen, I am constantly amazed by how wonderful the world and writing is! As I might have mentioned before, I don't know my mythology outside Greek, but I always enjoy learning more through Colleen's books! We rejoin Lily as she awakes on her grandmother's farm. Only thing is, Lily has no memory of the past few weeks. It was actually rather nice too, since I couldn't remember everything that happened in *Recreated* either! Lol! So Lily has to get caught up on all that's happened and what needs to happen. Honestly, Colleen couldn't have done this better! My little reader heart and mind were so thrilled with this because. Seriously, I can never remember what happened in the previous book a year later! I'm in serious trouble with other series that I am in the middle of! Dr. Haasan comes back to Lily to tell her all the details, that she basically needs to wake the brothers once again, that she will need to become Warset, and with the help of the brothers they will need to defeat Seth. No problem really, just saving the world like it ain't no thing! Hee hee. As you can imagine, it's not as easy as all that. There are many tasks ahead of Lily on her journey. She does eventually get her memory back and soon finds herself working with Ahmose, one of

Amon's brothers, as they work to find Amon and Asten's bodies so that they can be raised! Colleen's books are always filled with a great journey filled with perils and other dangers! There's never a dull moment! This book also expands on what is likely the most complicated love conflict ever! As you might recall, Lily possesses the souls of a lioness named Tia and a fairy named Ashleigh. Tia has feelings for Asten. Soon Ashleigh develops feelings for Ahmose. And then of course, Lily loves Amon. So what happens when we have three souls in one body loving three different guys? A complicated mess! But ironically, the brothers handle this all so well! It's odd, but I can live with it I guess! I'm not touching on its outcome either, because, you know, spoilers! This book wasn't without its feels either! There was a lot of unexpected occurrences that really tugged at my heartstrings, and yet it always felt right. It's a terrible feeling almost, to be accepting of sadness because you know it was the right course, because omg, it was heartrending! Not giving exact details, but we can say this was one emotional read and I honestly didn't know how things would turn out in the end. Reunited was a most wonderful read! It was rich with its mythology and culture that I've pretty much come to expect with a Colleen Houck book! She's never let me down before! It was filled with action and so many wonderful character building moments! I always love reading Colleen's books because they are truly an adventure just waiting to happen! This is a series not to be missed or passed by! Overall Rating 4.5/5 stars

Initially, the book started slow for me, mostly because I was trying to recall all the details from Recreated. My favorite thing about every Colleen Houck book is her amazing attention to descriptions. This allows you to see, feel, hear and smell everything the characters do. I can picture every seen in my head in vivid detail. Without giving anything away, I wasn't sure how all the love interests would work out between Lily, Tia, Ashleigh, Amon, Ahmose, Asten, and even Horus to an extent. I'm thrilled to report my romantic heart is happy and completely satisfied with the conclusion to this series. There is plenty of action, adventure and suspense to make this book a fast read. Just like the Tigers Curse series, I highly recommend the Awakened one.
