The Rough Guide To Mexico (Rough Guides)

Synopsis

The Rough Guide to Mexico is the ultimate travel guide to this fascinating nation. Discover Mexico's highlights with stunning photography and information on everything from Baja California's beaches and the silver towns of the Bajío to the jungle-smothered ruins of Oaxaca and Yucatán. Find detailed practical advice on what to see and do in Mexico City, relying on up-to-date descriptions of the best hotels, bars, clubs, shops, and restaurants for all budgets. The Rough Guide to Mexico also includes detailed itineraries covering the best of the country, as well as things not to miss and regional highlights detailing the most unforgettable experiences. Make the most of your time with The Rough Guide to Mexico. Series Overview: For more than thirty years, adventurous travelers have turned to Rough Guides for up-to-date and intuitive information from expert authors. With opinionated and lively writing, honest reviews, and a strong cultural background, Rough Guides travel books bring more than 200 destinations to life. Visit RoughGuides.com to learn more.

Customer Reviews

Rough Guides have always offered lots of first hand reporting and lots of opinion to go with. This Rough Guide to Mexico is no exception. Mexico is a surprisingly big country with lots of variety in terms of culture, physical geography, history, entertainment, and adventure. It is also a place in which certain portions of the country have become dangerous through continuing drug cartel violence. And it is a country in which the rule of law might mean something a little different than it might north of the Rio Bravo. This is a hefty guide, but after an introduction and some travel basics, it offers a great breakout of Mexico by geographic area. Mexico City rates its own chapter, as does

the austerely beautiful Baja California. The chapters contain details on attractions, history, culture, and practicalities like where to stay, what to eat, how to get around, and how to get along. There are lots of interesting details about Pacific coast beach towns, Aztec temples in the mountains of the interior, and the jungles and the remains of the Maya civilization in the Yucatan Peninsula. The text is interwoven with some nice color photographs and maps of regions and some cities. All in all, this guide is a great basic resource for planning a first visit to Mexico.

Great. Absolutely up to date. All the relevant information about ALL !!!! of Mexico. At least it seems like that. Safety tips and secret spots are as well part of the package. Will come in very handy as soon as van life on the open road begins for us.

Got some fundamental things wrong, like calling Mexico City not bike friendly. It's one of the most bike friendly cities I've ever been to, with a massive bike sharing program and great bike lanes.

Rough Guides are always informative and the Mexico guide is excellent. It should be very useful to all travelers to that country.

The most complete and up to date guide I could find.

A very thorough guide to travel in Mexico.

The Rough Guide has never failed me, no matter which country on which continent I travel. I like how this guide is frequently updated. Me encanta MÃƒÂ©xico y explorando partes nuevas del paÃƒÂ±s.

It is not as good as an earlier edition I had. It seems it is oriented to richer people.
