## Synopsis

"...During that spring of 1880 the Chisholm trail was impassible for large herds, as 'fool hoe-men' had squatted all over it..."Siringo, "an old stove-up 'cow puncher,'" has written in "A Lone Star Cowboy" an account of his 50 years' experience on the great Western cattle ranges as Cowboy, Detective and New Mexico Ranger--- on every cow trail in the Wooly Old West, spanning Kansas, Oklahoma, Texas, New Mexico, Colorado, North Dakota, Montana, Wyoming and Nebraska. Now that the cowboy is almost extinct outside the movie lots, those who knew him as he really was are beginning to correct the false impressions that have been conveyed by the flood of cowboy fiction and Wild West films. Here is given the true story of many thrilling adventures on mountain and plain, among moonshiners, cattle thieves, tramps, dynamiters, and other strong arm men, when the cowboys, buffalo hunters, and Indians had room to come and go, before the wire fences cut off the trails. His story includes first-hand accounts of his encounters with some " Bad" Cowboys, such as " Billy the Kid," Wess Harding and " Kid Curry."Siringo introduces the book, stating: "This volume is to take the place of 'A Texas Cowboy'. Since its first publication, in 1885, nearly a million copies have been sold. In this, 'A Lone Star Cowboy,' much cattle history is given which has never before been published."It is a cow-boy's book; lively, spirited, energetic, slangy, and coarse; a book with a great deal of courage, adventure, roughness, and incident; a book which gives a life-like picture of cattle raising; and one that is full of the flavor of the " Wild West," but which is rude company for people with the tastes and refinements of civilization. Â“Among the enduring western master storytellers is Charlie Siringo, cowboy, detective, author, whose career and writings still live in the psyche of millions of westerners today.Â• Howard Roberts LamarCow-boys will read it as it is with zest; the more refined and sensitive "higher grade of readers" may protest that it has not been purged of its sins against grammar and good manners. It has an underlying substance which is excellent.Charles Angelo Siringo (1855 Â– 1928), was a Cowboy, New Mexico Ranger, Justice of the Peace, detective and agent for the Pinkerton National Detective Agency stationed in the West out of Denver. His first book A Texas Cowboy; or, Fifteen Years on the Hurricane Deck of a Spanish Pony was published in 1885, establishing his reputation as a writer selling over a million copies. Nearly 25 years later he updated "A Texas Cowboy" by publishing his 1919 book "A Lone Star Cowboy" which includes not only his career as a cowboy but also a western detective cleaning up the Wild West and much cattle history which had never before been published.
