Customer Reviews

If you are looking for a short sexy, read then this is it. The plot is entertaining and the sex scenes are hot. But other than that it is quite short. The entire series is enjoyable but the series is like potato chips--a nice, quick snack.

I like reading military romances I found this one and liked it and now it is a series so looking forward to the next one, so I would recommend this book.

Loved this book! Wish there were more books!

This series is sexy, hot, the men are to die for also. You just have to read for yourself. Enjoy

This book was included in the Hot Alpha SEALs anthology which I purchased. This is a quick read about a SEAL, Deke, taking some mandatory time off to readjust after his last deployment and a mission gone bad where he lost a couple of friends. Congressman Martir, a friend and former SEAL, has asked him to keep an eye on his daughter, Nicky. Martir has received threats against his family but his daughter refused to allow him to assign her a bodyguard. There is instant attraction between the Nicky and Deke and thus begins a seriously hot, and fairly quick, read set in a tropical locale. Nicky and Deke have lots of sexy times. If you've read any other Delilah Devlin books you know what I mean. If you haven't read any of her other books this is a great one to start with. It is a standalone book with no cliffhanger. Understand that this is a novella/short story. It shouldn't be judged by the same standards as a full length novel; there just isn't enough time for lots of backstory/romantic buildup.

WATCH OVER ME Uncharted Seals Series By Delilah Devlin
Delilah Devlin just keeps churning out great new series. **WATCH OVER ME** Book 1 in the Uncharted Seals Series is the perfect start to what appears to be a fantastic new series. I don't give too many details about the book, if you want spoilers read the book. However, I will tell you there is a Navy Seal, his Commander's daughter, a favor, a kidnapping, oh and a few steamy love scenes. What I didn't tell you about is the sizzling chemistry of the characters. For that information, you will have to read the book. It is a great story and a way to spend a few hours of smoldering reading. I can't wait for Book 2. For that matter check out all of Delilah Devlin's series.

I enjoyed this short story for the most part. I usually don't care for insta-love stories but this one was done pretty well so I'm okay with it. I only have one small dislike... the heroine saying her mom was selfish for not being able to handle the military lifestyle. I have done it for 25 years and it is an extremely hard lifestyle, and special forces is even worse. Loving your military member doesn't mean the lifestyle doesn't wear on you in every way possible. Sometimes love isn't enough. Hence the reason there's a high divorce rate in the military. Other than that I liked it :)

Quick read with an alpha seal and the ex commander's daughter. Lots of hot sexy scenes and a plot

to go along with them. Love the military and stories about it can't wait to read the next one.
