Customer Reviews

Fun, fun read!! I want more of her story, and I hope it's with Matt. This is a good clean read, and I got so involved with the main character. When she hurt or suffered indignity, I suffered with her. The

author excellently developed her characters and story, and I can't wait see what is next.

I'm a 14 year old girl reading this book and I need to tell you this book is positively amazing. There are so many twists and turns that you're constantly worried about the main character in the book. I couldn't stop reading this book once I picked it up. This book explores pretty good themes like how to let go of things, take in charge of thing and not let people boss you around. This book inspires me a lot to make sure people don't boss me around. I can draw confidence from this book. Best of all it shows how to handle hardship and come back from it. If parents are worried about their kid reading this book they shouldn't be because it is a amazing book that teaches many life lessons that kids and parents could learn alike I believe. The author also uses very good vocabulary so if academically you are thinking then this book will probably also improve your child's vocabulary. overall I think this is a very beautiful heartfelt piece of writing.

I really liked this book. I am a 22 year old college student, so some of the characters acted immaturely in my opinion. I was still drawn into the plot to see what would happen next. I read Book 2 almost immediately and am waiting for Book 3 impatiently! I would recommend this to anyone who finds the description interesting. It is worth the read!

At first I thought this book was a little cheesy because of the title and cover, You can't judge a book by it's cover and that quote is right in this case. I mean I enjoyed it so much that I bought the sequel!

I loved this book it is amazing how Anna left us in suspense in the end I can't wait to read the next book

I just finished reading this exceptionally enjoyable book. It's a refreshing departure from what I usually read. It's characters are wonderfully developed and you will love some and hate some. It's a story that you can simply enjoy without bring stressed. I highly recommend it.

I chose this rating because it made me laugh out loud, and I couldn't put it down. Also because the first book was really good one, and I wanted to read the 2nd book.

I LOVE this book so much! It is a great story of an orphan who gets discovered in Paris when singing and playing the piano. It is also very funny and comical, with a famous pop star falling for the

girl and the girl just happy to have a friend. This is my opinion and I hope you won't hate me for it, and maybe you will enjoy this book as much as I did!
