This hymnal first caught my eye with hymns by Fred Pratt Green and Brian Jeffrey Leach. As I examined it more closely, I found quite a few inclusive, gender-neutral changes of words in familiar hymns. As well, 184 of its 845 numbered selections are prayers, scriptures, prayers or responsive readings, so that the hymnal is not as rich in musical resources as first appears. These readings, however, represent a wealth and variety of Christian authors. Both readings and hymns are well-indexed. With the possible exception of the fancy typeface used for hymn titles, it is an attractive and well-made book.

I bought this hymnal for a friend who is a pianist and wanted a copy of our church hymnal Since it was printed many years ago it was not easy to find in local book store What joy it brought to her and the price was great for a new copy

So many wonderful hymns that I didn't even realize that I knew. Doctrinally sound lyrics. Beautiful melodies.

Liked the variety of hymns.

A good hymn collection.

Great!

Came in good and excellent condition! Exactly the book I need to practice hymns for my College's piano proficiency and even though it is in red instead of blue, its the same and I like red more. After all it is my favorite color. Thank you for the book! Really need this as a music major! :)

This is the hymnal we use at St. Matthew's Baptist Church in Louisville. It is the most beautiful hymnal I have ever seen, with its attractive typeface, its wide selection of traditional hymns, and beautiful arrangements of those hymns. When someday I become a pastor of a church, hopefully this will be the hymnal we'll use.
