Bought this because my wife and I are expecting our first child in January. The song this was based off was the favorite song of one of my grandmothers, who died about a year and a half ago after a 30 year battle with Parkinson's Disease. I figured this would be a good way to keep my grandmother alive and a small part of my child's early life since she couldn't be here for the arrival.

I sang this song to my now adult daughter when she was a baby as a lullaby at nap time and bedtime. I had no book--but she loved the melody and the words. Now it is time for a granddaughter!! I was looking through the board books on this site and came across this title. I was so excited! I ordered it so I could have my son read/sing the same song to my granddaughter. When the book arrived I could not have been more delighted. The cover is a metallic and shiny gold..like sunshine..and much more attractive and appealing to a young child/baby than the picture even is. The words on each page are written in large type...which will be helpful when the child is beginning to read. There is just one line on each page...and the illustration are also big and colorful. There is one child on each page and that child has a smile on his/her face...Each child is holding a stuffed animal..so asking where the animal is on each page will help with child interaction with the book. the children are a variety of boys and girls of different skin colors...so this book is appropriate for all children. It is a great book for babies or young children of any age who enjoy a good song..or sweet pictures. I can not wait until I am able to read it to my granddaughter.

A two year old loves this book, and the song - most of the time mommy has to sing it rather than read it!

There is nothing fancy about this book. Just the song You Are My Sunshine written as a book. But this is one of our favorites!

What a fun book to read with my daughter. Love the board book because it's something my teething 12 mo daughter can literally and figuratively "sink her teeth into!"The picture of the book on the site is actually different from what you receive. It doesn't show that the board book cover and back is a shiny reflective cover.... It really enhances the "sun" in the front. Guess it was their way of emphasizing "sunshine"? Åf Å Å, Å Æœ Å

I've been singing this song to my kids since birth so my boys immediately recognized it and gets excited whenever I pull this book out. The pictures are large and colorful and depicts different kids

holding their teddy bear. Another great book.

My children love for me to read to them and I love reading all types of children books to them. I try to go outside of the box most of the time but my kids love to sing "you are my sunshine" so why not have it as a book too!

This book has the same words as the classic song. The illustrations are very pretty and my son loves pointing at them.
