Kilroy Was Here: The Rest Of The Story: Amazing And Forgotten Stories Of WWII And KOREA. Stories Taken From The Iconic KilroyWasHere.org

Synopsis

Have you heard of the forgotten saint from the Forgotten War? He has received the Medal of Honor and is in line for sainthood. Have you heard of the London Guns? If Hitler had completed them, they would have lobbed 600 300 pound bombs PER HOUR into London. They never fired a shot but grossly affected world history in ways we will never fully know. The US mainland has NEVER been bombed from the air . . . right? WRONG! The Japanese did in 1942! Find out the details. Jimmy Doolittle raided Tokyo early in the war and was saved by a young missionary after he crashed in China. Have you ever heard the name? Yes, you have! While on the subject, how about Doolittle's crew chief's sweetheart wings? Did your grandfather in WWII or Korea ever mention a short arm inspections but would never tell you what they were? Now you will know more than you really wanted to about them and why he wouldn't tell you. Did you know that Boardwalk and Park Place went to war in WWII? We all suspect that the government has safe places in case of war. One huge one has been exposed within driving distance of Washington, DC. Kilroy was there and has the story if a hidden fallout shelter large enough for all of the Senate and House can meet there. They were to be evacuated there along with their staff but not their families. Now you can know where one is but not where the new one is nor where the one for the President and SCOTUS is! You have heard about Gremlins, Foo Fighters and Lena the Hyena. Do you know The Rest of the story? Does the name Glyndwr Michael mean anything to you? He should! He died at 34 doing absolutely nothing worthwhile - A wasted life! But, what is the rest of the story? What he did in death made him a hero of WWII! These are only a few of the amazing stories you will find in this book!

Customer Reviews

Kilroy was one very notable character whose fame reached the most unimaginable places on the planet. No matter where you go and how you got there, you can be almost certain that Kilroy was already there. Sightings of Kilroy were reported from Tarawa, Okinawa, Palau, Caen, Monte Casino, Mount Everest, Saigon, Hanoi, Kuwait, Baghdad, and Helmand Province in Afghanistan, from Berlin, Prague and McLean, VA. Even Stalin himself enquired personally, who in the heck Kilroy is! Could not figure it out. This is the kind of book small people can read at night in secret when they should be fast asleep. The inspiring story of Chaplain Emil Joseph Kapaun makes one wonder how a single individual can make a difference in a Korean POW camp. Most grown up people know about the London Gun, the Doolittle Raid, the USS Westpoint/US America, the Rape of Nanking, and the Greenbriar bunker, The Lost Patrol or The Great Escape. The Author, Pat Tillery, gives these stories life through personal touch and memories of those who survived. There are some veterinary and medical gems hidden in the book, which will make any professional chuckle. The story of Glyndwr (or Major Williams) whose body has washed ashore near Huelva is even more intriguing. P.S. Read all the Appendices. It is one Helluva good book.

I thought this was one of the 'truest' accounts of the war years I have ever read. It was told by the actual people who were there. I read through the whole book in one sitting because could not put it down.... The stories were so interesting, the way they are told, I learned things I would have never known had it not been for Kilroy was here's "The Rest of the Story" Magnificent book Patrick Tillery... Thank you, I am looking forward to other books you might bring out ... I now understand why your website is proclaimed a national treasure by the Library of Congress

Excellent, well written book. The author brings back to life so many of the wonderful stories of bravery of the men and women who fought in WW2 and the Korean War. Many facts and statistics, woven together with the personal experiences of so many heroes, was perfectly presented. A real "page turner" intrigue, brought about with the use of "The Rest of the Story" I highly recommend this book to everyone, especially those who have any interest in America's greatest generation.

Lots of WWII anecdotes, easy reading, and good entertainment.

Fantastic book - everyone interested in history should read this book

A book for all ages. Filled with amazing facts and stories that will intrigue the reader.
