Language Awareness has long recognized the power of language and helped students understand and use that power critically and carefully as they make rhetorical choices about their own academic writing. The text provides extensive support for writing, while its relevant and engaging readings grouped into topics—such as community, discrimination, conflict, and gender—explore the pervasive influence of language on our lives. “Language in Action” activities connect the everyday and the academic by examining current texts and visuals to enhance students’ understanding of the readings. This thriving book has now been revised with input from reviewers across the country to include fresh new readings and updated instruction that invites students into the conversation about the power of language.

Paul Eschholz and Alfred Rosa are professors emeriti of English at the University of Vermont. They have directed statewide writing programs and conducted numerous workshops throughout the country on writing and the teaching of writing. Eschholz and Rosa have collaborated on a number of best-selling texts for Bedford/St. Martin's, including Subject & Strategy; Outlooks and Insights: A Reader for College Writers; with Virginia Clark, Language Awareness; and, with Virginia Clark and Beth Simon, Language: Readings in Language. Virginia Clark was a professor of English at the

University of Vermont and served as chair of the English department. With Paul Eschholz and Alfred Rosa, she is the coauthor of *Language Awareness*."

I would have probably never picked this up had it not been required for my English class. Ironically, though, I might have enjoyed it more had it not been required in my English course. There are some very interesting articles in this collection; however, it is really not a useful book for college students. It does nothing for the class or a writer.

The way the book is made really gets you to think about the world in a new aspect.

I would have never purchased this if it wasn't for school. But I think this is great even for those not in school. It introduces the reader to all types of writings and authors that may peak their interest.

The book came in The condition expected (Pretty Good) vbut unfortunately this book is missing a lot of the essays and writings you'll find in the eleventh edition

Ãfâ Ã Â _(ÃfÂ£Ã Æ'Ã â)_/Ãfâ Ã Â I guess you can't have it all

Perfect condition, I have no complaints.

Order as stated. Shipped quicker than expected. Great shape. Would reccommend looking here first for books. Thanks you again. Later

Had to buy this for English class, actually eneded up g very helpful the information was very good at helping with writing.
