Customer Reviews

These excerpts from interviews with famous comedians are a dose of popular culture. King and guests talk, laugh and take calls. Some excerpts are taped before audiences while others are speckled only with King's laughter. The material makes this production natural for audio. However, the compression of multiple comics onto one tape and the switches from serious, personal talk to comic performance create an unbalanced effect. A few comics, such as Jonathan Winters and Lily Tomlin, make their impact despite the crowding, but it helps to know something about each comic before listening. E.S.B. (c)AudioFile, Portland, Maine

This is one of the most hilarious tapes I have ever listened to. I found it by chance at our local book store warehouse several years ago. I landed on this page because after misplacing the tape for a while I recently found it but in bad need of repair so I thought I'd buy a new one. No matter how many times I listen to Albert Brook's hilarious story about being in a 7 Eleven I still laugh. Add Jonathan Winters, Jay Leno, and Lily Tomlin and you will laugh until your belly aches. I highly recommend this to anyone who needs to laugh instead of cry...although this may make you laugh

until you cry. Enjoy!
