Customer Reviews

Black Bears presents readers with substantive yet easily digestible information on this widespread yet sometimes feared animal. Where do black bears live? What enemies do they have? How do they communicate? What issues exist in the controversial relationship between bears and humans? This book contains all the information you need to know to become familiar with these fascinating animals. Accompanied by numerous full-color photos of black bears in their natural habitat, this handy field guide makes an excellent take-home souvenir and reference for anybody interested in black bears.

Jack Ballard, author and photographer, publishes magazine articles and photos pertaining to camping, cross-country skiing, canoeing, hiking, hunting, fishing, children's conservation education and the natural history of wildlife. In the past ten years his articles and/or photos have appeared in over 25 different regional and national magazines, including: Sports Afield, Paddler Magazine, Deer & Deer Hunting, Northwest Fly Fishing, Montana Magazine, Women in the

Outdoors, VFW Magazine, WildBird Magazine, Colorado Outdoors, Birds & Blooms, American Hunter and others. Jack is a contributer to Petersen's Hunting Magazine and a wildlife columnist for Camping Life. His photos have been published in numerous books (Smithsonian Press, Heinemann Library, etc.), calendars and magazines. Jack has received multiple awards for his writing and photography from the Outdoor Writers Association of America and other professional organizations. He holds two Master's degrees and is an accomplished public speaker, entertaining students, conference attendees and recreation/conservation groups with his compelling narratives. When not wandering the backcountry, he hangs his hat in Red Lodge, Montana.

What it claims to be, a brief introduction containing accurate information and providing a good overview of Ursus americanus. I've used it with family members who want to know about what I spend so much time hunting and talking about. :-) Yes, I would recommend it to others.

Enjoyed the book: well written, helpful photos. The author is well educated on the subject and has had lots of experience with bears. I like that he avoids the scary folk tales and pretty much tells it like it is.

Very informative for a person with black bears in his own back yard.
