Art Deco: The Golden Age Of Graphic Art & Illustration (Masterworks)

Synopsis

This beautifully illustrated book is a celebration of Art Deco's expression through the graphic arts and illustration. Divided into three sections – the movement, its fashion and advertising – the reader gains great insight into the artists and innovators that helped popularize the Art Deco movement, such as Georges Barbier, Ert  , Cassandre and Paul Colin. While the main focus for this intriguing book is centred on graphic art, numerous examples of other forms of Art Deco are also featured. Nestled among the posters and paintings, sculpture, objets d'art and jewellery assert their similarity, whether through line, form or theme. These echoes serve to show the creativity fertility of the period as styles and ideas traversed artistic media.

What I was hoping to find here is a rather complete work-up on the remnants of that bygone age to be found in the buildings of Manhattan - that's NOT what this is! Rather, it focuses on graphic illustration and to some degree fashion. Most of the pictures aren't genuine period pieces, but instead current illustrations of the Art Deco age. It IS coffee-table size, and nicely priced, but still, it really was NOT my cup of tea. A much better find I do enjoy would be book "New York Deco", also obtained from .

Beautiful Book!! I love the Art Deco Era, especially Erte' clothes. So this book is right up my alley!! I have it in my livingroom as a coffee table book!

Great historical review of Art Deco. The art in the book is beautiful.

Mesmerizing, high-quality pictures and informative blurbs about artists, architecture, designers, media, and trends of the art deco era. I love getting lost in this book and feeling transported in time. The pages and hard cover are sturdy enough for the many guests that will inevitably thumb through it while "oohing" and "ahhing." A must for glam girls and art deco lovers.

Beautiful book! My daughter loved it. It's not only filled with great illustrations and art of the era, but also has enough information to also be educational. Great gift!

Fantastic book of Art Deco Illustration and Graphic works! Worth having in your library!

A must have if you like art deco. Truly a coffee table book.

stunning art, love this era! Recommend this book!
