This book is amazing and very motivating for students! I had to buy my own copy rather than keep sharing a teammates' book!

I have a copy of this book and I think it is the only copy on Earth. I am trying to find a replacement for a friend whose house burned. She lost 20 years of teaching materials. Anyway, this book is no longer published by Carson-Dellosa and if anyone has a book that they would like to sell please add it on as I have listed it on my wish list. One of VERY best books I have ever used in my classroom. Just wish I could get at least two more copies. One for myself in which I will put in a fire proof safe so i will not loose my copy.
