college book

This is amazingly skimpy for \$77. It has a captive readership in my case, since it was assigned as a required textbook for a course. One would expect to pay less than \$20 for a paperback book with this amount of content.

Great book on ancient history and cultures, and how Western Civilization developed from them.

Really good. Less price than bookstore!!

Great book to read. Thanks

one of the most boring books ive read in my life

I really enjoyed reading this book, but \$50 for a small paperback book with 288 pages? This is one of the most expensive books I have ever bought. Buy it used and/or buy an older edition. No need to overpay.

Book was in great condition.
