Gladys Hunt was a well-known author and speaker. Her books include *Honey for a Woman's Heart*, *Honey for a Teen's Heart*, and *Honey for a Child's Heart* (revised edition). She also wrote numerous Bible study guides for the *Fisherman and Lifeguide* series. She lived with her husband, Keith, in Grand Rapids, Michigan.

I wish I had found this book sooner. I feel much better equipped to help my daughters choose books. I am a home school mom and will use this book to choose read alouds well as books for their literature study. Another good book from this author is *Honey for a Child's Heart*

I love all of the books in this series. I recommend them often to other mothers. This particular book for teen reading is very helpful to me as a parent when working with our High School English Department in trying to help direct reading assignments for advanced students. Teachers seem to think that advanced students need to skip right from children's books to adult books. They want our teens to jump into the adult world before they are emotionally mature enough to deal with so much adult content. This book points out that there is much good to be had in the teen reading years!

Love these books! Reading them made me feel as though she was with me guiding me to spend quality time with my daughter. It is so very rewarding finding a good book and reading it with my 12 almost 13 year old daughter. Even her friends when they sleep over ask me to read to them one of the many books we read together. These books have given me great memories and a life I wouldn't have had otherwise. Enjoy!

Inspired a new approach to my relationship with my teens! Looking forward to the conversations of shared experiences and memories.

I don't like it as much as the first one, *Honey for a Child's Heart*, but that has to do with my values

and choices when assigning work for my kids. However, I feel this is a good reference tool not just for teen's but adults too. I have underlined quite a bit in this book and the earlier one and will be keeping them both, even though her lists and values may differ from mine. I still think it is a valuable book.

Brilliant!! A must read for every parent who is serious about parenting, and creating opportunities to talk with our teens.

What a help. This should be on the shelf of any parent who cares at all what his/her kids are reading.

Gladys Hunt shows how to use good reads to help your teenager become a lover of good books as well as develop a different layer of closeness to your teen.
