"a perfect companion to Singapore World City." â Crafty Moms Share blog

It's a full size map. I was expecting a travel-friendly map that focused on the more touristy areas and

zoomed on each street, with major landmarks noted directly on the map. Other travel maps I've purchased have been laminated and were only a few pages that folded conveniently for travel and quick and easy browsing.

Gift for husband and he loves it...easy to use for his upcoming trip
