Customer Reviews

Thank you for putting together some easy to make, simple ingredient recipes! I am really looking forward to making these!!

Recipes for 2. Dinner and lunch for next day. I have all the ingredients in my pantry. Everything made TASTY.

This book has provided all you need if you are in a journey of ketogenic diet. This book breaks the myth of low carbohydrate diet and provides you clear picture of ketogenic diet. It is healthy with more energy, all without compromise of taste.

The KETO way of eating has made such a difference in my life and this is the book I rely on the most. Most of the recipes are very easy and delicious. Each recipe lists the nutritional values per serving, so it is easy to keep track of your intake of fat, carb and protein.

I always have the intention of eating healthy but to be honest, between work and life, there's often not enough time to do so, or at least that's my excuse. That's where this cookbook comes in. Everyone has 30 minutes and these recipes are not only quick, but delicious! Go ahead and buy this cookbook, your body, appetite and health will all thank you.
