Lora Mathis is the author of chapbooks "and the noise does not stop" and "Bigger Bolder Less Pathetic." This is their second full-length collection of poems. Their first is available through Where Are You Press.

Lora is an artist who must have lived at least 300 lives because they are so amazing a writer. What I mean by that is that I understand what they write and it makes me think and apply to my own life struggles and situations. I have tried to love "poetry" but my brain has a hard time processing metaphors and symbolism. They use these but what they write is understandable and that is why I am so glad that I have this beautiful book. It makes me think, but not so much that my brain explodes. Their book will empower you as it has done for me. I am so grateful for Lora Mathis. Thank you for taking the time and going through the pain and vulnerability that it takes to express your self so beautifully.

i was a huge fan of lora mathis's first book of poems and their second is just as good, if not better. they boldly write about trauma, mental illness, and feminism in very real and relatable ways. can't recommend this book enough.

Best living poet.

This work means so much to my life and I revisit it many times a week. Lora writes on topics that are close to many of our hearts and does so with such grace and wisdom. Lora's work is accessible and has brought me back to poetry in a big way. x

Lora's writing is so distinct and unique to their experience but you can feel their passion and pain through their writing. This work is amazing, as is the women who widowed themselves

Thoughtful, beautiful and painfully deep. Mathis's words are emotional as they are powerful. Highly recommended to anyone who struggles with trauma or depression.

A beautiful book by a beautiful person. Thank you, L. It was everything I had hoped for and more.
