Customer Reviews

Any book that will entice a child to read is a good book.

my son is learning to read and wanted some books that had subjects he's interested in...so he just got the entire WWE series for his birthday. He loves them, quotes stats etc all the time. We are 2 weeks out of school and he has already fulfilled his summer reading requirement. Some of these have larger vocabulary words, but he plows through because he likes the subject matter. Highly recommended.

This is a great book to use for those hard to reach kids (perhaps particularly boys) who don't like to read. This will draw them in and is written in such a way that they will understand what they read and want to read more.

I have a bright 8 year old boy who is very energetic and loves WWE and all things related. Especially Rey Mysterio. Although he reads well it takes alot of effort to get him to sit down and read for more than five minutes. He read the whole book in one sitting and loved it. I can't say that I've seen him rereading it though. Better get another one!

My 7 year old grandson loves to read and loves wrestling....these are perfect for him, fast shipping, exactly as described, will buy from seller again:)

I bought this last Christmas as a stocking stuffer present for my 8 yr old son. He is a big Rey Mysterio fan, and I thought he'd enjoy reading the book. He loves the book and he told he has read it several time already....

Excellent
