Customer Reviews

In the fifty years since his death, Vaughan Williams has come to be regarded as one of the finest British composers of the 20th century. He has a particularly wide-ranging catalogue of works, including choral works, symphonies, concerti, and opera. His searching and visionary imagination, combined with a flexibility in writing for all levels of music-making, has meant that his music is as popular today as it ever has been.

I just got one copy for my accompanist to use. The organ part is easier to work with than the old Novello reduction, and parts are included for 3 tpts and timpani.
