Customer Reviews

Charles Shultz has been a contributor to many great childhood memories. I have turned my children on to his work.

fine. as a gift to my colleague, This is a gift for someone that is studying to become a chef. I did take it out of the box and it is a very nice product. The weight and handle are very good for cutting and even my smaller hands felt comfortable with the size. Very well. with the best service .

There are a number of Schulz biographies out there aimed at school libraries, mass-produced things with few words, little accuracy, and little interest. This biography, while also aimed at the same target, is a serious work done with original research and interviews and cooperation from Schulz's family. If you have a 10-15 year old who is interested in Peanuts and cartooning, this is a fine book to get them. (Adults may want to steer to the longer but more out-of-date Good Grief by Rheta Grimsley Johnson, or wait for the huge David Michaelis biography coming in 2006.)
