Customer Reviews

Great photos of the collection of carvings by one of the most talented carvers in America. Too bad it stops at 1990, he has carved so many fabulous pieces since. It is wonderful to read about the background and thought process that went into creating these masterpieces.

If you are looking for inspiration , then this is the book you want. Full of great wood sculptures. Excellent book on an incredible carver, a true master of the craft. An excellent book for any sculptor that wants to view true works of art.

Great Book. Not only a lot of pictures of his works but a great read too. Very Talented man. We just need a new updated book to cover his works from 1991 to present Day.

Wonderful book about, and written by this wonderful artist

Just as expected, but better!

You have to see this to believe it. Fred Cogelow is a gifted sculpture in wood, his chosen medium. It

is not wood carving rather it is wood sculpture.
