Taryn's Pictures: Photos From Taryn's Camera (Taryn's Camera Photos Book 1)

Synopsis

Ever wondered what the rest of Taryn's pictures look like? That is, the ones without the ghosts? Taryn Magill loves her abandoned houses, old buildings, and isolated places. When she's not painting she's busy putting her beloved camera, Miss Dixie, to work. Together, they've been on hundreds of adventures. In this companion book to the Taryn's Camera series there are more than 140 pages of full-sized photographs taken from the 5 books in the series, as well as a few extras! From the skeletal jungle of Driftwood Beach to interior shots of the REAL house that inspired Windwood Farm, it's a quick and fun peek into the REST of Taryn's world!

Customer Reviews

Absolutely beautiful photographs! All the old houses are haunting and mesmerizing! I grew up in a farmhouse that is almost 130 years old and still in glorious form. I love old houses and old things! These pictures remind me of so many wonderful times. It makes me sad to see all these old, still worth saving, houses, in such disrepair. The photos bring Taryn's stories to life. They give you a

look through her eyes and through her camera. I love this. If you read her stories and went on her adventures, this is a wonderful book to look through. The photos include stories not released yet, so you will be able to use this when you read the new ones. Thank you for showing me what Taryn saw, it is hauntingly beautiful!

A ton of really well-known photographs taken over seven years. Each photo has a short caption to give context. This makes the photo book more interesting.

I have followed all the books, as I am a photographer who documents abandoned and lost places. This one was darker, but still great. My only wish, is that Taryn finds a real love interest. Matt just doesn't cut it. Please!!!!

I really enjoyed the pictures. Bringing the story's to life. If you are reading the books this is a must have.

The pictures are beautiful I'm looking on them on the Kindle is very nice. This would be a perfect coffee table book if you went ahead and bought the paperback
