## Customer Reviews

Tracy Newman is the author of several children's books, including *Uncle Eli's Wedding*. Her writing inspiration comes from her daily adventures raising her children. She lives with her family and two cats in coastal New England.

I ordered this book on a whim because I wanted something Jewish in the mix of my baby's board books, and I really love it. The rhymes and illustrations are cute without being too cutesy, and the things the family is doing to prepare for Shabbat are things families actually do (make dinner, get cleaned up, set the table). It is a lovely celebration of the anticipation of Friday night, and I would definitely recommend it to other Jewish families.

It's a cute book. We like to read it on Thursdays at bedtime so when the kids wake up on Friday they know that today is the day we prepare for Shabbat. I think we have read it enough times that we could all probably recite it without the book!

Love love love this book! I try to read it to my daughter every Friday!

This book offers a fun and age-appropriate introduction to how kids prepare for Shabbat. Adorable illustrations and lively rhyme engage kids in this read-again book.

This is a nice little beginner book for children about celebrating Shabbat. Less story telling and depth than I expected, even for a picture book, but is fun and will engage your little one in familiar traditions.

Cute book! My son loves it and it's such a great way to prepare for the best day of the week. I like that it gets him excited for obeying the Lord!

Really like it

A delightful way to introduce young children to Shabbat. Exciting wordplay and illustrations contribute to the sense of excitement and anticipation when preparing for a holiday and then at last, "Shabbat is here!"
