Customer Reviews

As always, and I have often used A-Z maps, this one is detailed, thorough, with excellent, easy to use graphics..

Nice map don't like to just use only a GPS like to follow along with a map while on vacation

Great map to have when exploring Devon and Cornwall. Pleasantly surprised by the prompt shipping.

Well, the reason I wanted this map is because I read Marcia Willet books and they all happen in Cornwall, since I have never been there, I like to know what location she is speaking about. I like the map a lot, it is so bright and easy to read. Makes me want to go to Cornwall, Devon. Thank you

This is a perfect map for our Devon holiday. We are going to be in places with little to no cell service so GPS won't work and it's also much easier to figure out where we should be with a larger map to look at (plus I love maps!).

Using as research for my 4th novel.

Helpful in case no GPS.
