I carried this pocket guide on a Road Scholar birding program in Cape May rather than carry a heavy birding book. It was easy to carry and use as it includes most of the birds usually in the Cape May area.

These folding guides are great. We keep a couple in the glove box. They list the chief markings in a few words along side a picture of each species. Good for quick glimpses.

A very nice bird book for that area. Make sure you are there when a migration season is present.

this is a great resource that you can easily put into your bag and take with you.

Easy to carry when walking around Cape May area
