Customer Reviews

It didn't have the information I needed, so it was a waste to me.

A very informative and user friendly guide.Great for young and old alike.

I would recommend this book to anyone that is willing to buy and sell old US Currency. Value the Bill before you Buy the Bill.

great reference book--have already used it many times--good picture identification and many facts--really helps a novice--don't have any thing else to say!

Inclusive and perfect size to carry in your pocket to Coin Dealer honest. The limitation of this resource is that it only gives very fine and uncirculated.

wasted money

The book listed the top grade items but fell short on giving a value for the lesser quality, more used coins.

This little book was just what I needed to look up the value of my old coins and currency. Very informative.
