# Trains, Cranes & Troublesome Trucks (Thomas & Friends) (Big Bright & Early Board Book)

## Synopsis

This sturdy Thomas & Friends board book offers train-loving boys ages 0 to 3 a simple rhyming story about humorous misadventures on the track. Readers will giggle at the antics of the Troublesome Trucks and the messes they make for Thomas the Tank Engine and his engine friends.

Grade Level: Preschool and up

## Customer Reviews

My toddler loves this book. I, however, am not as enamored. My biggest caveat for anyone who cares about meter and rhyme in children's books is that this book does rhyme, but not very well--and more importantly, the meter is horrible. It is clearly intended to be read out loud and at a pace that varies depending on the number of syllables per line. It's really rather grating for both me and my husband to read. But then again, if you haven't studied or read much metered poetry, this book will probably not bother you as much as it has bothered us. Bottom line: If I had known before ordering it that it was a poorly-crafted poem and not a standard prose board book, I probably wouldn't have bought it.

Gook book.Simple read.Durable.Cute story.Nice colours.Would recommend.Would buy again.

My 2 year old daughter likes the Thomas TV show reasonable well but has another of the books that she likes a lot (Fast Train, Slow Train). Tried this one as we've read the other so many times in the car, and she loves it. The grumpy "trucks" that shake on the track and make the trains crash and get things spilled on them makes her laugh. And the cranes that help pull them up are fun to talk about too. Good addition from the board book line.

We got this for our Thomas-obsessed toddler last year, and at 25 mo, he still loves it! It's such a fun book because it is all about crashes and bangs and spills. My little guy loves shouting along to the book, and the repetitive verse allows him to pick up on the words and recite it with me as we read it together. It's so fun to see the anticipation on his face when a "Bang!" or "Crash!" is coming up.

My grandson loved this book. We read it 5 times in a row before he would consider another book.

Grandson loves this book

Our kids are obsessed with Thomas. This is a cute board book about the troublesome trucks. The book came quickly and in perfect condition. It was a bigger board book than I expected but that is ok. The kids have asked me to read it multiple times to them already.

Great board book! My toddler son really enjoys Thomas and this book is a great addition to his mini library. He enjoys to play with the cranes on his train table as I read to him. Fantastic story for any Thomas lover.
