The positive affirmations found in the Coloring Through Cancer adult coloring book include:

Cancer doesn't define me
It won't be easy, but it will be worth it
I will get through this
I am not alone
Nothing is impossible
The pain that I'm feeling doesn't compare to the joy that is coming
My family and friends love me
Nothing can steal my joy
I give thanks for my full recovery and perfect health
I am glowing with health and energy
I choose to think positive thoughts
I will beat cancer
I am unstoppable
Life doesn't have to be perfect to be wonderful
I believe in miracles
Something good is going to happen today
My body heals as I sleep
I am beautiful
I surround myself with love and light
I will not give up
My body grows stronger every day
I will keep on living
I heal with every breath in, and let go of cancer with every breath out
I will persevere
This too shall pass
Cancer has no power over my dreams
I will make every day count
Some days are harder than others (but hard is not impossible)
My courage is stronger than my fear
I am more than a conqueror

Anyone who has been through cancer, is going through cancer or who knows someone who has been affected by cancer will love this adult coloring book!

Sarah works in both hand-drawn and digital mediums and has worked as a freelance designer for almost 10 years. She has published 7 coloring books on .

This is another great offering by the very talented Sarah Renae Clark. The theme of this book is positive affirmations about dealing with cancer. The pages are all single sided and have their own border, making it easy for you to remove the pages from the book without damaging the pictures. The backgrounds of the pictures are all different styles, some abstract, some line-type drawings, some with pretty flowers - something to please everyone. The affirmations in the middle of the pages are all different sayings to help anyone going through cancer or someone who is coping with a loved one having cancer, to help have a positive attitude during this trying time. I know that as a color enthusiast who uses coloring to relieve stress and keep my hands busy to control food issues, I sure wish I had had this book when I was being treated for breast cancer, just months after losing my husband to cancer. Go to 's general review of this book to see the history behind Sarah's making of *Coloring Through Cancer*. Thank you Sarah! All of Sarah's work is very professional, unique and fun to color and her books always have her own original artwork. You will never find stock pictures in any her books! I would highly recommend all of her books, several others which also have very inspiring topics and themes.

The pages on this book are single sided and there are 30 pictures to color. The pages are not real thick and will bleed through. I purchased these books not to color myself, but to take to the chemotherapy room at the hospital I work for. I find coloring very therapeutic and thought what a better way to pass the time during the long treatment times and get a little encouragement too. I think this is a fabulous book that has so many different sayings that are upbeat. I bought 4 of them and am so excited to give them away and hope that it will bring some joy to the patient and families during such a hard time.
