This is a wonderful little book that actually talks about "who wrote the gospels" from a Christological point of view... No one is trying to "get you to believe what I say" rather it offers up the facts, opinions, and suppositions most used by theologians today and that is that. A wonderful little book for laymen to Ordained readers.

Great intro to various gospel.

fun read

A very useful introduction to the context of the four gospels. A brief but thorough cross section of the four major works that are the basis of the Christian Faith.

Exceptional perspective...

Dr. Mark Allan Powell presents the Gospels in a way that is easily understood and informational by both those new and experienced in Gospel studies.

Well organized and easy to read material.

Packed with info. Excellent for serious students of the Gospels.
