These tabs are beautiful and look really elegant when arranged in the Bible, and they are so helpful when trying to flip to a specific book. However, I have to be honest - they are an absolute pain to put on, especially if you have a Bible with thin pages. I have tiny fingers/hands, but even so I found myself having to be excruciatingly careful and cautious trying to put these on without ripping any pages. And if you accidentally line up one of the tabs incorrectly...well, you'll just have to live with it, because the sticky glue used to adhere these tabs is definitely not coming off without ripping the page or stripping some of the paper fibers off so the page becomes even more thin. If you don't mind spending at least 20-30 minutes putting these on, they are a beautiful addition to any Bible. Even though it was rough to put the tabs on both my Bible and my husband's, we still love having them. As an added bonus, they are really sturdy and definitely do not come off, even if you're flipping the tabs a little more exuberantly than you probably should.

I got the 3 set, the red and the blue yesterday and the purple got it today. I used the red color first to

match the color of my bible red cover but i didn't realize that there were only 6 pages out of seven now im missing some label And no choice i have to used the blue color to complete & now the other is incomplete. Its nice but I am so disappointed with different color outcome and i cant return it since i've used it already. I wish they will replaced it. Out of 3 order only 1 has seven pages (blue color) the rest were only 6 pages missing page 7.

Once you get the hang of handling the tabs, it's easy. These are fabulous for getting to the right place in your scriptures quickly. I appreciate how you can choose different colors to coordinate with the book too.

I have purchased about every color these come in, and they are very nice Bible tabs. They are easy to apply, and there are a lot of extra tabs to fit various sections that certain Bibles may have (besides the Old and New Testament, i.e. Concordance, extra books, notes...) They also sell a mini sized version of these tabs which I wish I'd gotten for my current compact sized Bible, but I went ahead and used these, and it looks fine. Makes finding the right book much easier!

Love my bible tabs ! Makes it so much easier to find books in the Bible and so easy to install

I suggest you get a strong bible cover with this our these things well be ripping ur pages. Also once the colored parts with the name on it you well not be able to take then a part, but you can remove the tab if you justice the clear part off of the page my tape and fix it. It had useless tabs and not all of the books of the apocrypha.Helpful tip.Start from the start and when you end up at the bottom of the book go back to the top and do it the same way with the.

theses bible tabs are so easy to use have bought this brand for other bibles ...about 6

I absolutely love these! It makes navigating the Bible so much easier. They were easy to apply, and even come with a guide to make sure they are properly placed. Not to mention they are an absolute bargain. I'd definitely recommend to anyone.
