Wilford I. Summers is an electrical consultant and former Executive Director of the International Association of Electrical Inspectors. Frederic P. Hartwell a working electrician, is President of Hartwell Electrical Services, Inc. He has been certified by the International Association of Electrical Inspectors as a Certified Master Electrical Inspector. Mr. Hartwell is the senior member of NEC CMP 9. He is co-author of McGraw Hill's National Electrical Code Handbook, 27th Edition.

This book is SCIENTIFIC as all get out. It is not for beginning electricians looking for simple code references or techniques. It is one of the most dense and comprehensive data catalogs I've ever owned. One day I hope to understand what at least 1/4 of it is talking about...

impressive book, packed with knowledge... I'm just beginning with studying electrical science and this is immensely helpful.

Great to study for electrical license.

loaded with information, I am very confident on my journeyman,s test

I borrowed this book from a friend once, and liked it so much I bought my own. Very good breakdown--even for layman.

it is what it is

Just what it claims to be

Arrived as promised
